WILL THE PEOPLE SUBMIT?

Following are the net results of the infamous Goebel Election Commission: Democrats absolutely control the electoral system in every county in Kentucky. In counties where there are two Democratic and one Republican Election Commissioner: 13 other counties there are two Democratic and one Republican; and in the remaining counties we have solidly Democratic Boards.

Republicans are in a helpless minority in one, and in another, the control is 21 to 20; therefore they are absolutely without representation on the Board; the masters of the election machinery, pass upon all election contests and make their decisions. In the remaining counties there is no appeal.

The Republican organizations were not permitted to select the few electors that were appointed, and it is notorious fact that the whole body of electors are nearly all Democrats in disguise, having voted and acted with the Democratic party on every important occasion.

The mask of hypocrisy that was put on when Judge Paxton was elected a member of the State Election Commission has been thrown off, and the Goebel conspiracy is revealed in all its hideousness.

Has the Republican party been such an enemy to the state and Nation as to justify these outrages against law and decency to drive or keep it from power?

In the supremacy of WILLIAM GOEBEL, the most unprincipled followers so dominant to the welfare of Kentucky as to condone this unexampled rape of the ballot?

Will the people submit?

Votes for Poor, Free Turnpikes and the \$600,000 Bond Issue.

A vote for the first, means an inheritance of the Administration and the War with Spain.

A vote for the second, means the right of every citizen of Mason county to travel over every public highway without being "held up" by a jolligather every five or six miles.

A vote for the Bond Issue means that we are to purchase the main pikes of the country, namely, the Cincinnati—Lexington—Price set upon by your Fiscal Court and which it recommends you to pay and that hereafter the public highways shall be public property for the benefit of

the public, instead of remaining private property for the benefit of private individuals.

Follow Republicans, think this matter over if you are in doubt, and the Leader feels sure you will vote as it has suggested.

SPAIN has actually agreed to give up Cuba. Next thing you know she'll give up the ghost.

FRANCE, that made such a "bluff" at England, pulled in her horns in short order when she found that Johnny Bull was getting ready to call her hand.

Mr. EMMETT ORR, Editor of The Owen News, was a member of the late Legislature, and that fact gives additional interest to this article in the paper.

After the talk of the corrupt influence brought to bear to defeat his election bill at Frankfort, should remember that it was he who refused to allow a bill to become a law that had passed the Senate before it had passed the House. He was, with a small majority in the House against him, called a caucus and tried to ring the Senate bell to stop the bill, but failed. It was he who, it is he who can account, perhaps, for the disappointment of some members of that body who have since provided for the same bill in the Legislature Commission that had been promised them.

He is very willing against corruption makes the very angel below blush to shame. If it is brutal corruption to deny one's own people the right to vote for whom they please, then it is equally brutal corruption to deny the people the right to vote for whom they please. If he may not be corrupt as we think him, if it is not corruption to frame a bill that is altogether partisan that it provides for the same bill in the Legislature Commission that it seems idle to repeat them.

TO CURE A COLD IN ONE DAY Take Laxative Bromo-Quinine Tablets. Aldridge refund the money if it fails to cure. \$2. The genuine has L. D. Q. on each tablet.

The Hatch Fiscal Court will meet next Wednesday to elect a County Judge to serve until after the election in November, 1898. The candidate of the民主黨 is John G. Ramsey.

NEWLY NOTES FROM NATURE'S GREAT HIGHWAY.

The towboat Russell Lord left industry tow for the South.

Only street of Pittsburgh and falling is not very encouraging the circumstances just at present.

The New Haven passed down with a miscellaneous tow from Pomeroy for Cincinnati and Madison.

The Princeton, 1,000 tons, George E. Estep, John Morris, Tornquist, Sam Bruce and Robert Jenkins passed up the Ohio.

The steamer Queen City, with a trip of freight and some passengers, passed down last night from Pittsburgh for Cincinnati and St. Louis.

The Keystone State passed up Thursday night for Pittsburgh with an amount of freight that was quite satisfactory to the master. The steamer Captain C. C. Knob, the Commander of the Keystone State, said that the outlook for business in business from this time is very good, and that his Company's boats were never in the condition to take care of the passenger trade as they are now. The Keystone State has been extensively repaired while she was laid up during the low-water season, and is in every respect as good a boat as when she was built.

MAYSVILLE CEMETERY.

At This Season the Grounds Are Strikingly Beautiful and Sacred.

To the people on our coast fond of beautiful scenes in life and in the theater, just now and behold from any part of that sacred and hallowed spot the most gorgeous landscape ever spread before man's eye.

My heart has never cast its opulent Father over the leaves, while beneath and above are the grounds, lists of azure blue and vivid green, while internally and make distinct the ravishing scenes which hills and dales and peaceful valley afford.

It is naturally one of great magnificence and is as sojourn in earth and paradise in power and grandeur.

A place where the heart is wrapped in the cloak of meditation, where Memory strikes the golden bell of the past and to our souls the climbing melody lulls to sleep the bitter regret.

The eyes, now dried by Time's asperges a soul, look to the dying scene which bodes all Nature only to renovation and the fresh with more glorious beauty, more exultant lovesickness.
